English
Swahili

PROFILE

Motivated student at Jomo Kenyatta University of Agriculture and Technology (JKUAT) with hands-on web development experience gained through a remote internship. Skilled at building clean, responsive websites and quick to learn new tools. Seeking a remote entry-level or junior web development role where I can contribute, grow and deliver quality work.

EXPERIENCE

Web Development Intern

SQROCK IT Solutions | Remote | 12 Oct 2026 to 12 Nov 2026

- Designed and built three web projects from scratch as part of the SQROCK Alpha 2 Internship Program.
- Developed a **Car Rental Management System** and deployed it live using GitHub Pages.
- Built a responsive **Cafe website** that works across phone and desktop screens.
- Created an **Event Booking Platform** with a user-friendly booking interface.
- Used Git and GitHub for version control and to publish finished projects.

PROJECTS

Car Rental Management System

HTML, CSS, JavaScript | Live on GitHub Pages

A website for managing and presenting car rentals, deployed and publicly accessible.

Cafe Website

HTML, CSS, JavaScript

A responsive, visually appealing website for a cafe, designed to look good on any device.

Event Booking Platform

HTML, CSS, JavaScript

A platform that lets users browse events and make bookings through a simple interface.

EDUCATION

BBITM

Jomo Kenyatta University of Agriculture and Technology (JKUAT)

Relevant units: Management of Innovation Environment; Theories of Innovation and Technology.
